

# The rolling stones

- The Rolling Stones - British rock band , formed July 12, 1962 and for many years rivaled the popularity of The Beatles. Rolling Stones, became an important part of the British invasion , considered one of the most influential and successful bands in rock history. Rolling Stones, that are intended manager Andrew Oldham Meadows had become a " rebellious " alternative to The Beatles, already in 1969, during the American tour was advertised as " the greatest rock and roll band in the world" and (according to Allmusic), have managed to keep this status to this day.
- Musical style Rolling Stones, formed under the influence of Robert Johnson , Chuck Berry , Bo Diddley and Muddy Waters , over time took on individual traits ; designer duo Jagger - Richards eventually got worldwide recognition.
