

A young girl with light brown hair, wearing a bright orange cardigan over a light-colored dress with a floral pattern, stands in a field of various flowers. She is holding a small blue butterfly in her hands. The field is filled with pink, white, and purple flowers, including daisies and cosmos. A ladybug is visible on one of the white daisies. The background is a soft, light purple sky with a sunburst graphic in the top right corner. The entire scene is framed by a green border on the left and right sides.
